OFFICE MEMORANDUM

Subject: Modification in AUA Agreement Version 3.3

Authentication services are provided through Authentication User Agency (AUA) and e-KYC user Agency(KUA) under Aadhar Authentication frame work. The AUA and KUA need to sign an Agreement version 3.3 with UIDAI which mentions terms and conditions of engagement. Clauses 3(iii) and 3(iv) in the Annexure -I, (eKYC) of the agreement specifically meant for the data sharing issue. It is reproduced as below:

- 3(iii) The e-KYC data shall not be used by the AUA for purposes other Than that for which the resident has explicitly given his/her consent.
- 3(iv) The AUA shall not share the eKYC data with any other agency for whatsoever purposes.

As some partners of the eco system are not clear about these clauses, to avoid any misinterpretation and for better clarity, the clause 3(iv) of Annexure- I in AUA Agreement version 3.3 has been partially modified. The modified clause reads as below:

- 3(iv) The AUA shall not share the eKYC data with any other agency for purpose other than for the transaction as given in para 3(iii) above.

The revised AUA Agreement would be mentioned as version 3.3.1. This issues with the approval of Competent Authority,

(Gracy James)
Deputy Director
